We met at Pro Health. I always noticed you in class and then, one day after Zumba, you came up to me and said "I love your class. It always make me smile." Little did I know you were ALWAYS smiling and what a beautiful smile it was. I will always remember the first time we both laughed together. We looked at each other and could not believe that we both made that silly sound like the Hanna-Barbera cartoon character Mutely (although yours was much cuter) and then we laughed about our laughs and we could not stop laughing :) Such great memories with you Angel (as I will always call you). Conversations flowed so easily and always included lots of laughter; you never had a negative word to say about anyone. I will always remember you full of positivity, class and grace ...always a lady. You were a real life wonder woman who left this earth a true Hero. I will never forget you. Love, Renee
