Thank you Leinis. She always would tell me when she would run into you. I didn't get to tell her we were related. But she always thought of you and your family as family.

Carmen's fingerprints are all over my heart. I am a better person because of all the love and support she offered me all my life. She really knew how to make a person feel special. A piece of me died with her, but I will continue to honor her love by paying it forward to others. She lead by her example. I will do you proud Titi Carmen...#willneverbethesameLove, Lisa Velez
