# Joseph Lukachko

AUG 19, 1960 - NOV 20, 2025

Joseph Lukachko, 65, went to live with the angels on November 20th. He is survived by his wife Sharon Kubasak; siblings Chris Lukachko (Linda Lister), Michael Lukachko, Marianne Kocak (Mark), and Mark Lukachko; a nephew and nieces; and lifelong friends.

His legacy is preceded by the passing of his Maltese daughter Chanel, his parents Michael and Mary Lukachko, his in-laws Victor and Josephine Kubasak, and his brother-in-law Victor Kubasak. Joseph was born and raised in Lorain before moving to North Olmsted.

After serving in the Air Force as a Senior Airman, he worked private contracts on Kwajalein Atoll in the Marshall Islands. Upon returning to Lorain, he pursued his undergraduate degree in Management Information Systems from Cleveland State University. He worked at OfficeMax headquarters before taking a position at Bendix in Avon, where he became IT Business Process Consultant.

Through his military service, private contract position, and his lengthy Bendix career, Joseph traveled much of the world. At home, Joseph led a professional, artistic, and playful life. While his professional proficiency exercised his analytical intelligence and collegial savvy, his personal passion was creation: paintings, sculptures, art objects, carvings, and a sculpture-poetry collaboration with Sharon.

Joseph's art pieces touched with intricate, moving (and sometimes whimsical) beauty. He also cultivated flowers: a shocking pink, 28-year old geranium; and a full, white calla lily garden he germinated from the seeds he gathered and dried from a single plant. When riding his Harley-Davidson in the countryside, he experienced additional freedom.

Joseph leaves an imprint from which to learn and a lifetime to admire. He appreciated the sophisticated and the simple: fine dining and Budweiser, elegant surroundings and the magic of a hummingbird in the garage. He laughed. He lent a helping hand. He believed in imagination. He

I am so sorry for your loss. I worked with Joe over a decade + on various SAP projects. He was the kind of team member you'd want in a team. He'd listen and come back with solutions or answers to any technical question or challenge you'd have. And not just any solution, but one that would work. You could count on that. He was quiet but very funny once you got to know him. And it was obvious how much he loved his "Sweetie". He will be missed.

I am so sorry for your loss, Sharon and family. Joe was the best ABAP developer I knew. At Bendix, we could give him the most difficult of problems and he would find the solution! I especially cherish the times the Bendix team spent on the Brazil project which is evident in the smile on Joe's face in the pictures. He had a brilliant mind and oh how he could make us laugh!! Cheers, Joe. We will all miss you. Kate
