“ Mike and I worked together many years ago at Clinical Health Labs. Although I was good at drawing blood, he taught me some techniques to be a better phlebotomist. Mike and I had a good friendship while I worked there. I came to love him as a good friend and mentor. I left CHL and we lost touch but the thing he taught me followed me through my further education to becoming a nurse and patient care. I will dearly miss you Michael. Love, Rene'

“ Michael, I will always remember you. You were always so kind and love the Lord. We had a great time at your sister's home that one night, me, you, Darryl, Donald, Ann, and Myia sitting and talking about life. You are a wonderful cousin and a great example of a MAN of GOD. My mom loves your preaching is what I informed you the last time I saw you. We miss you and we love you. My prayers to our family during this time because we are so hurt over losing Michael.
